S-E-C-R-E-T - 2 -25X1 Sokolov: former Capuchin monastery - military personnel with red shoulder boards and officers with spiked clubs 25X1 (palcaty) on lapel patches the billeting 25X1 capacity of the monastery at one company. 3. Military Uniforms. Karlovy Vary: groups of two, three to five soldiers with red shoulder boards Were seen walking in the streets at various times of the day. approximately 100 soldiers 25X1 with these shoulder boards. There was a remarkably high percentage of officers among them. However, the predominant shoulder boards seen in Karlovy Vary are those of the PS 150 PS 25X1 members in the streets of the town. Apart from the green and red shoulder boards a few (approximately 10) 25X1 officers with brown shoulder boards and several EM with black shoulder boards and violet piping. Chomutov (N51/FO2): from Chomutov to Duchcov 25 officers and men with violet shoulder boards. left the train in Duchcov. Sokolov: red shoulder boards and lapel patches with spiked clubs. 25X1 25X1 Military Maneuvers in the Loket trea. 25X1 25X1 from Sokolov to Karlovy Vary military maneuvers in the area between Sokolov and Loket. 25X1 60 trucks on the road loaded with soldiers, approximately 20 men to a 25X1 truck. The officers had red shoulder boards while the men had no shoulder boards on their khaki field uniforms. The trucks moved slowly towards Loket. Some three kilometers before Loket the column of trucks halted and soldiers, all of them wearing gas masks, started alighting and marching off the road. 5. Concrete Bunkers Along a Road. 25X1 from Sokolov to Chlum Sv. Mari (N51/P48) some two kilometers before Chlum Sv. Mari small concrete bunkers on both 25X1 sides of the road. The bunkers are spaced some 300 to 400 meters apart and are about 100 meters from the road, always alternating, one on the left and then one on the right side of the road. They rise about one meter above the ground and might be also about one meter in diameter. Each bunker has the bunkers were built only re-25X1 cently and that they continue along the road beyond Chlum Sv. Mari via Kynsperk nad Ohri (N 51/P 48) as far as Cheb (N 51/P 37). Comment. This would support the current reports that 25X1 the Czech authorities are attempting to restore Karlovy Vary and Marianske Lazne to their pre-war international fame as spas and rest centers. The units allegedly to be moved from Karlovy Vary would probably be the 74th Infantry Regiment (Belocerkevsky) and various elements of the 3rd PS Brigade. The HQ of the 12th Infantry Division, the HQ of the 3rd PS Brigade, as well as the Regional and District Military HQ, known to be located in Karlovy Vary, would probably remain.
